

2022 MUNICIPAL CAMPAIGN OF THE SPRING CLEAN-UP

A special collection of scrap, old furniture and anything not considered as household waste will take place according to the following schedule:

Garbage must be placed near the sidewalk or curb, and not on the street, **during the weekend preceding the date of collection, no later than 6:30 am on Monday morning**. Pickup will be done **ONLY ONCE** per street but can be done **ANY DAY** of the week as indicated below. In addition, for logistical purposes, the contractor will collect the waste by type. This means that it will collect all the accepted waste in several stops at your home. Don't be surprised if a certain type of waste was collected, but not another. At the end of your special collection week, all garbage will be picked up.

Please note that the special collection will be done from the EAST END to the WEST END of town.
